

## Introduction

Honda believes that the most important factor in providing a product or service to its customers is unlimited joy of driving. To complement this ownership, Honda offers a unique extended warranty package that gives you Peace of Mind.

At the time of sale of any Honda Car, the company (HCIL) provides a standard warranty for its models for a period of 2 years or 40,000kms whichever is earlier. You can now enhance the 2-year standard warranty on your car with the Honda Extended warranty program.

You can extend the warranty by one year or two years for a nominal amount, anytime before your vehicle crosses the standard warranty period i.e. 2 years or 40,000 kms (whichever is earlier).

Under the extended warranty the dealer will repair or replace any part which proves to be defective within the limits of warranty at no charges to the customer for parts and labor.

The Honda care extended warranty is an optional warranty that can be purchased by the customer any time before the expiry of the new vehicle warranty.

The best time to buy the extended warranty is while buying your car. You can also buy your extended warranty later on, so long as the car is still under the new vehicle warranty. However, buying the plan later on implies a higher cost than when buying along with the new car.
